She became a therapist to help people.

Not to do paperwork.

Privacy & security

the biggest barrier to small-business AI adoption

30% name data privacy (17%) or cybersecurity (13%) as their single biggest barrier, ahead of limited knowledge (23%). SBE Council, Small Business Technology Use Survey, March 2026, p.40.

Local AI is private.
It isn’t easy.

Too hard for small practices.
